Large Groups

Corporate, organizational, or group travel designed around you. From incentive trips and leadership retreats to alumni gatherings and community travel, we handle every detail so your group simply arrives and experiences.

Solo Travel

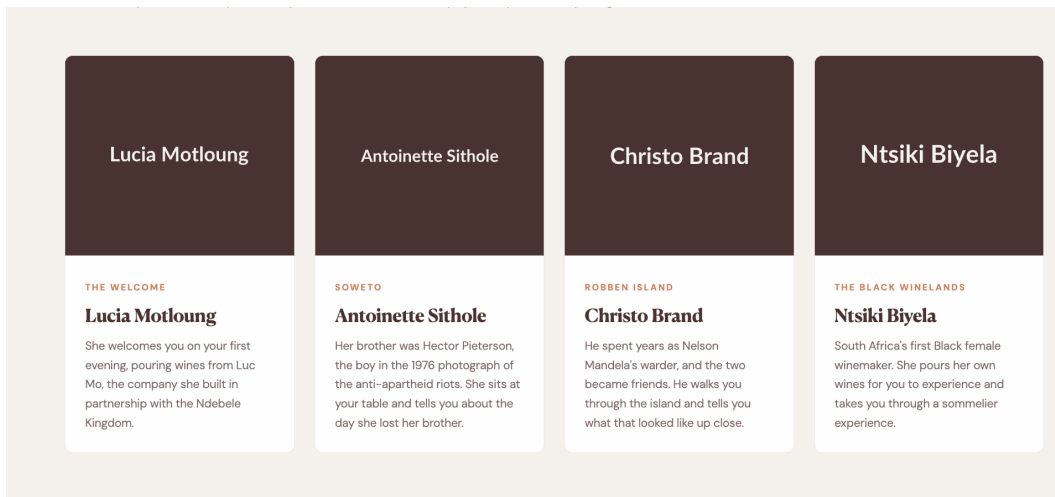

Arrive alone, leave with connections that last. Umoya's small groups bring together like-minded travelers, so the people you meet along the way become as much a part of the journey as the places you see.

Couples Getaway

Some places are simply better experienced together. From sundowners in the bush to private wine tastings in the Cape, every moment of the Umoya journey is designed to be shared, in settings that stay with you long after you return home.
